

Dynamics And Evolution Of Galactic Nuclei (Princeton Series In Astrophysics) By David Merritt

By David Merritt

The sphere of influence is a region around a supermassive black hole in which the gravitational potential of the black hole dominates the gravitational potential of

[http://en.m.wikipedia.org/wiki/Sphere_of_influence_\(black_hole\)](http://en.m.wikipedia.org/wiki/Sphere_of_influence_(black_hole))

This is a book on a modern and flourishing aspect of stellar dynamics, the dynamics of galactic nuclei, especially those containing massive black holes.
